

13th RMC 2014 E-mail Feedback

March 2014

Exercise 8. well received Carol and thanks for the excellent coordination. We had a safe trip from Cameroon and presently here.

It has all been discovery for me.

Many thanks,
Arnold Fru-Mukete

Dear Mandisa, Carol and Prof. Hofmyer, Many many many thanks!!

Just to say how thankful I am and how reminiscence I am of the experience and training. I must say, in addition to many other things, I am thankful for my near the window sitting position during most of the flights. I discovered more than I could anticipate. I hope you will be seeing my name in the papers in the near future as a product of your sacrificial hardwork and investment in the next generation.

I am the young investigator from Cameroon, working with a Catholic hospital in rural Nguti and working for now as a freelance researcher.

Lots of love,

Arnold Fru-Mukete, M.D (FHS, University of Buea, Cameroon)
St. John of God Hospital, Nguti, Cameroon

Hi Carol,

Thank you for the results and I am thankful to have gained these unique skills through your unit.

Many thanks
Leila

Dear Ms. Phipson,

Thank you for the course. I indeed learnt a lot from the very experienced facilitators. Is it possible to see the questions I answered wrongly?

Ronald

Dear Carol,

It was a pleasure too to participate in the course and meet Prof. Hofmeyr and the rest of rest at ECRU.

The results are noted with thanks and I will definitely give Metin some feedback on the course.

Best wishes,

Dear Carol,
Thank you for the exam results. Shows i tried for the RMC, i feel GCP was good.
I communicated to Metin and expressed my appreciation and he replied back my mail. once again i am so grateful to all of you who made the course happen and being given the opportunity.
regards,
Sophie vusha

Even to me, it was a pleasure. Thank you very much Carol and the rest of the ERCU team for organising excellently a good training. How are you and the rest of the ERCU?
Kind Regards, Fungai Mbengo

Hi Prof, I hope I find you in good health. I would like to take this opportunity to thank you for granting me the opportunity to attend the Research Methods Training Course in randomized controlled trials and systematic reviews. Due to its hands on and practical approach the course really helped me with the skills and knowledge on how to conduct randomized controlled trials and systematic reviews. I hope to use the skills and knowledge gained in improving the health and well being of people in my community and country. I also hope to use the skills and knowledge gained in my further studies as I am in the process of starting a PHD. The course was well organized. It took you much commitment and dedication to organize such an excellent training. My special gratitude to you and the entire ECRU team for organizing a fantastic training. Thank you Prof

Kind Regards

Fungai Mbengo

Hi Carol

Thank you. It was an huge privilege to be able to attend the course.

Kind regards

Georgina

Thanks. It shows the teaching techniques were excellent. I acquired sufficient knowledge from the exercise.

Best, Sanmi Adedokun

Dear Carol,

I am very thankful for the opportunity accorded to me by ECRU team (especially Prof. Justus Hofmeyr, Mandisa Singata and you Carol), I shall forever be grateful. I did arrive in Juba well but there was a fight in the city on the 05th March 2014 , I left and now in Kampala -Uganda.

I also wish to extend my appreciation to WHO for the support that facilitated the entire process, thank you Metin Gulmezoglu .

Many thanks

Francis ODADA

Dear Carol

Thank you very much for the results. I had a wonderful time at Fast London.

Thanks for the wonderful opportunity you gave me to be a part of this prestigious course.

We will stay in touch as one big family

Sincerely
